Deacon's Corner

On Friday, July 26, the feast day of Saints Anne and Joachim, the parents of the Blessed Mother and the earthly grandparents of Jesus, will be celebrated. With little information about their lives, it is accepted that Saints Anne and Joachim were faithful and devoted parents. Their love for one another and Mary is an example to us of how God calls us to live. Their legacy shows us the importance of grandparents in forming a loving family and enhancing the faith of families.

Grandparents play an essential role in sharing their wisdom and family history. Pope Francis explains, "How important grandparents are for family life, for passing on the human and religious heritage. . How important it is to have intergenerational exchanges and dialogue, especially within the context of the family. Children and the elderly build the future of peoples: children because they lead history forward, the elderly because they transmit the experience and wisdom of their lives. This relationship and dialogue are a treasure to be preserved and strengthened (Aparecida Document, No.447)."

Saint Anne is the patron of grandparents, couples without children and women unable to conceive. Saint Joachim is the patron of grandfathers, fathers and grandparents. On this day, may we pray, "Saints Anne and Joachim, guide our hearts in the way of virtue. Help us to parent our children and grandchildren with a gentle heart as you did. Show us how to raise our children in faith and bring our families into the Light of Jesus."
